Re: 165-Day Waiver Application for 2023-2024 School Year

Honorable Members of the State Board of Education:

I am writing this letter to request a waiver to adopt a calendar with fewer than 165 days for the 2023-2024 school year; we plan to have a school calendar with at least 155 days. Below you will find all of the data that qualifies our three sites for this waiver as well as a narrative describing the cost savings associated with operating on a calendar with fewer than 165 days. Lastly, I have attached our most recent Estimate of Needs.

### Cost Saving Narrative:

Stonewall Public Schools spans 200 square miles in portions of Pontotoc, Johnston, and Coal counties. We serve students through transportation in all corners of our district creating a large transportation cost. The reduced number of calendar days saves our district a substantial amount in fuel, fleet depreciation, and repairs.

Stonewall Public Schools did not have a single certified staff resignation this school year. We attribute this to a culture of stability, teacher support, and a reduced number of contract days. In fact, I have received numerous applications from neighboring schools who have remained on the 165-day calendar year. We employ approximately 42 certified teachers and 30 support staff. Many of our employees maintain second jobs on Fridays, thus allowing a better standard of living for their children which in turn lends to a more successful time at school.

Utility cost savings by having reduced calendar days is also substantial. We are very diligent in controlling thermostat settings, lights, and technology on days that we are not in session. This may seem insignificant, but it does add up.

All of these savings go directly to our students in the form of staff additions, which reduce class sizes. We are able to employ 2 teachers per grade level in Pre-K - 4th grade. Our middle school has 2 ELA teachers, 2 Math teachers, 2 Science teachers, and 1 History teacher. Maintaining these positions keeps our classes with 20 students or less in most cases. The high school serves 135 students. We are able to offer a very healthy number of electives and AP courses for a school of our size.

Thank you for the consideration and please reach out if you have any questions or if I can provide more information.

Sincerely,

Greg Lovelis, Superintendent

## CERTIFICATE OF EXCISE BOARD

State of Oklahoma, County of Pontotoc

We, do further certify that we have examined the statement of estimated needs for the current fiscal year ending June 30, 2022, as certified by the Board of Education of Stonewall Public Schools, District Number I-30 of said County and State, and its financial statement for the preceding year, and in so doing we have diligently performed the duties imposed upon this Excise Board by 68 O. S. 2001 Section 3007, by (1) ascertaining that the financial statements, as to the statistics therein contained, reflect the true fiscal condition at the close of the fiscal year, or caused the same to be corrected so to show; (2) struck from the estimate of needs so submitted any items not authorized by law and reduced to the sum authorized by law any items restricted by statute as to the amount lawfully expendable therefor; (3) supplemented such estimate, after appropriate action, by an estimate of needs prepared by this Excise Board to make provision for mandatory functions based upon statistics authoritatively submitted; (4) computed the total means available to each fund in the manner provided, applying the Governing Board's estimate of revenue to be derived from surplus tax of the immediately preceding year and from sources other than ad valorem tax, or reduced such estimate to not less than the lawfully authorized ratio of the several sums realized from such sources during the preceding fiscal year or to such lesser sum as may reasonably be anticipated under altered law or circumstance and using for such determination the basic collections of the preceding year and the ratios on which distribution or apportionment must be made during the ensuing or current year.

To the several and specific purposes of the estimated needs as certified, we have and do hereby appropriate the surplus balances of cash on hand of the prior year, estimates of income from sources other than ad valorem taxation within the limitation fixed by law, and the proceeds of ad valorem tax levy within the number of mills authorized, either by apportionment by the Legislature, allocation by the excise board or by legal election, all of which appropriations are made in so far as the available surpluses, revenues, and levies will permit, except in that we have also provided that, after deducting items consisting of cash and the revenue from all sources other than the 2022 tax and the proceeds of the 2022 tax levy are in excess of the residue of such appropriations, by a sum included for delinquent tax, computed at 5.0% of such residue. And provided further, if said School District has been ascertained to be a well defined State Aid District, the local budget, as approved and appropriated for, has been applied wholly to its operating accounts.

We further certify that the amount required to be raised from tax, excluding Homesteads, for General Revenue Fund purposes as approved, requires a total ad valorem tax levy of 35.000 Mills. Said levy is within the statutory limit, and if in excess, is within the constitutional limit and has been authorized by a vote of the people of said district, as shown by certificate of the School Board to-wit:

To this District, with valuations shown below, the Excise Board allocated 5.000 Mills, plus 15.000 Mills authorized by the Constitution, plus an emergency levy of 5.000 Mills; plus local support levy of 10.000 Mills; for a total levy for the General Fund of 35.000 Mills.

We further certify that the amount required to be raised for building fund purposes as approved requires a tax levy of 5.000 Mills, and said levy has been certified as authorized by a vote of the people at an election held for that purpose. We further certify that Assessed Values used in computing Mill-vote levies have been applied as certified by the County Assessor.

We further certify that we have examined the within statements of account and estimated needs or requirements of the Governing Board of Stonewall Public Schools, School District No. I-30 of said County and State, in relation to the Sinking Fund or Funds thereof, and after finding the same correct or having caused the same to be corrected pursuant to 68 O. S. 2001 Section 3009, have approved the requirements therefor to fulfill the conditions of Section 26 and 28 of Article 10, Oklahoma Constitution, and have made and certified a tax levy therefor to the extent of the excess of said total requirements over the total of items 2, 3, 6, and 12 of Exhibit Y and any other legal deduction, including a reserve of 5.0% for delinquent taxes.

Roff Public School is a small, rural school district in central Oklahoma. We typically range around 65% of our student population that qualify to be Economically Disadvantaged. We implemented the 4-day school week in 2016-17 as a way to save money and help with teacher availability. Before that school year, we surveyed our community and 92% were initially for the transition. In our last survey of 2017-2018, 97% of our parents were in support of the 4-day week. That was up 5 percent from the original survey done before implementation. Simply, this works for the people of our district. When our district moved to this 4-day calendar, we assessed and addressed multiple issues like class time interruptions, appointment scheduling on days off, uncertified staff hours and fuel/utility cost. We made some major changes to maximize the education of our students and minimize the cost to our district.

What we immediately found out is that staff, teacher and student morale drastically increased. Our attendance and test scores trended in a positive way, as well. The total yearly savings to our district was around that of an entry year teacher, which is huge in a school of our size. Bottom line is that this calendar works for our people. Kids and teachers/staff are happy which in turn means parents and administrators are pleased. Maybe the most unforeseen positive of this schedule is the amount of family time that all stakeholders noticed. In a recent survey of our teachers, the extra time to spend with their respective families was a top factor and benefit. Additionally, we do not have one teacher in our district for going back to a normal or even a hybrid 5-day schedule. This is an unmeasurable positive from this type of calendar. If we resume a traditional 5-day schedule, it is imminent that we will lose teachers.

I know at the state level that teacher retention is an area of concern and concentration. Since moving to this schedule, we have been able to have a sufficient pool of certified teachers to choose from for every opening. Our district is thriving with a 4-day schedule and performing at every assessed level from last real data from 2018-19. I have no doubts that our numbers will be even better this year, even with the gaps created from Covid-19. We have utilized that day off to do some tutoring and implement some academic intervention programs that we do on our days off or virtual Fridays.

We are consistently at the top of schools our size at scholastic meets and academic events. Our 5/6 academic bowl team won state this year and our 6/7 was state runner up. Our district even qualified for the waiver when the numbers were more involved than a C and above. Please view the following data from our district and see that we meet qualifications in every category.

We are respectfully requesting a 2023/2024 school calendar that includes 159 days.

(2) Financial Criteria-Attached is our Estimate of Needs

As stated before, we estimate that we save around the equivalent of a 1<sup>st</sup> year teacher in our district, which may not seem like much but is substantial when operating without any excess staff. We want to sustain and improve our quality of education and this type of savings allows us some leeway to do just that.

## CERTIFICATE OF EXCISE BOARD

State of Oklahoma, County of Pontotoc

We, do further certify that we have examined the statement of estimated needs for the current fiscal year ending June 30, 2022, as certified by the Board of Education of Roff Public Schools, District Number I-37 of said County and State, and its financial statement for the preceding year, and in so doing we have diligently performed the duties imposed upon this Excise Board by 68 O. S. 2001 Section 3007, by (1) ascertaining that the financial statements, as to the statistics therein contained, reflect the true fiscal condition at the close of the fiscal year, or caused the same to be corrected so to show; (2) struck from the estimate of needs so submitted any items not authorized by law and reduced to the sum authorized by law any items restricted by statute as to the amount lawfully expendable therefor; (3) supplemented such estimate, after appropriate action, by an estimate of needs prepared by this Excise Board to make provision for mandatory functions based upon statistics authoritatively submitted; (4) computed the total means available to each fund in the manner provided, applying the Governing Board's estimate of revenue to be derived from surplus tax of the immediately preceding year and from sources other than ad valorem tax, or reduced such estimate to not less than the lawfully authorized ratio of the several sums realized from such sources during the preceding fiscal year or to such lesser sum as may reasonably be anticipated under altered law or circumstance and using for such determination the basic collections of the preceding year and the ratios on which distribution or apportionment must be made during the ensuing or current year.

To the several and specific purposes of the estimated needs as certified, we have and do hereby appropriate the surplus balances of cash on hand of the prior year, estimates of income from sources other than ad valorem taxation within the limitation fixed by law, and the proceeds of ad valorem tax levy within the number of mills authorized, either by apportionment by the Legislature, allocation by the excise board or by legal election, all of which appropriations are made in so far as the available surpluses, revenues, and levies will permit, except in that we have also provided that, after deducting items consisting of cash and the revenue from all sources other than ad valorem tax, or the proceeds of the 2022 tax levy are in excess of the residue of such appropriations, by a sum included for delinquent tax, computed at 10.0% of such residue. And provided further, if said School District has been ascertained to be a well defined State Aid District, the local budget, as approved and appropriated for, has been applied wholly to its operating accounts.

We further certify that the amount required to be raised from tax, excluding Homesteads, for General Revenue Fund purposes as approved, requires a total ad valorem tax levy of 35.000 Mills. Said levy is within the statutory limit, and if in excess, is within the constitutional limit and has been authorized by a vote of the people of said district, as shown by certificate of the School Board to-wit:

To this District, with valuations shown below, the Excise Board allocated 5.000 Mills, plus 15.000 Mills authorized by the Constitution, plus an emergency levy of 5.000 Mills; plus local support levy of 10.000 Mills; for a total levy for the General Fund of 35.000 Mills.

We further certify that the amount required to be raised for building fund purposes as approved requires a tax levy of 5.000 Mills, and said levy has been certified as authorized by a vote of the people at an election held for that purpose. We further certify that Assessed Values used in computing Mill-vote levies have been applied as certified by the County Assessor.

We further certify that we have examined the within statements of account and estimated needs or requirements of the Governing Board of Roff Public Schools, School District No. I-37 of said County and State, in relation to the Sinking Fund or Funds thereof, and after finding the same correct or having caused the same to be corrected pursuant to 68 O. S. 2001 Section 3009, have approved the requirements therefor to fulfill the conditions of Section 26 and 28 of Article 10, Oklahoma Constitution, and have made and certified a tax levy therefor to the extent of the excess of said total requirements over the total of items 2, 3, 6, and 12 of Exhibit Y and any other legal deduction, including a reserve of 10.0% for delinquent taxes.
